CALL FOR APPLICATION

POSTDOCTORAL POSITION

BrainLat Institute at Universidad Adolfo Ibáñez invites applicants **for a postdoctoral position supported by the ReDLat Consortium,** an international research network dedicated to conducting world-class interdisciplinary and translational research in aging and dementia.

FIELD

Computational neuroscience models. Candidates are expected to be creative, motivated, and able to work independently and interact well within the team. The selected candidate will be responsible for performing, analyzing, and interpreting datasets and writing and publishing the work under supervision.

REQUIREMENTS

- Experience in Neuroimaging data management (MRI/fMRI/DTI and related methods: VBM, SBM, connectivity)
- Experience with Python-MATLAB Analysis Software Platforms.

DURATION

1-year contract, with an option to extend it to another year.

WORK

On-site or remote

Screening of applications will begin immediately and remain open until the position is filled.

Applicants should **send a CV, a letter of intention, and two names for letters of reference.** Questions and all application materials should be e-mailed to **Dr. Agustín Ibáñez agustin.ibanez@gbhi.org**
